

For adults whether for leisure, fitness, fun, excitement or serious progression, we aim to fit the bill! Gail prides herself on achieving excellent progression and confidence, and gives you 100% commitment. New or old hobby? Pleasure ride? Fitness or social? Extend experience? Training for exams? Competing? Come and visit Wits End Stables, a varied programme and friendly smile awaits you. Lessons, Hacks, Pub rides, Dressage and Show Jumping Clubs are all available

For children lessons are progressive and varied, and the small numbers guarantee lots of attention. Carefully selected compatible groups ensure a suitable level of instruction offered at all times. In addition, suitable pony games and hacks out are also built into the learning process once a certain level has been achieved, to make it fun and broaden experience. There's also the option to join THE PONY CLUB, which promotes responsibility and care, confidence, initiative, commitment, self esteem...the list goes on. Until recent years, this has been exclusive to pony owners, who wished to broaden experience & knowledge, and join with others to share ideas and have fun. This is now available to weekly riders at Wits End Stables, as an approved Pony Club Centre, enabling children and young adults to participate in all sorts of extra activities on our horses and ponies, and achieve nationally recognised tests and badges. Various events will be organised, with plenty of variety, tuition in riding and horsecare, social interaction, in a supervised setting on and off site. Workshops are available following some training.

Pony Club however is NOT compulsory, and ALL clients receive the same standard of tuition & opportunities regardless. The focus at Wits End Stables is on learning and enjoying the **whole** horse / pony experience, whatever your age or ability.

Do come and join us ...we look forward to meeting you.

Wits End Stables is situated in Broomhall, Worcester, between Kempsey and Norton. It is run by Gail Shaw, an Instructor on the BHS Register, with 25 years teaching experience, ranging from beginners through to career students. Adults and children 5 yrs+ at all levels are catered for.

The emphasis is on 'small, but quality'. Keeping a small number of well chosen horses and ponies, in an orderly and well managed yard, set in a clean enclosed 3½acre site overlooking the Malverns, with Stonehall and Kempsey Common accessible, sets the enviable scene for learning to ride, or progressing your knowledge in a safe and friendly environment.

Whilst the stables cannot boast a hoard of facilities, all the essentials are in place including a good size, floodlit, all-weather ménage and reception/lecture room, and high standards are maintained. As a result of size keeping overheads low, the tuition costs are affordable, without quality or safety being compromised.

Gail takes great pride in every client's progress. Within small classes, safety is kept the priority, but Gail endeavours to make the learning process fun and challenging to help each client achieve their personal goals. As well as BHS qualifications, Gail also has a National Coaching Foundation Sports coach qualification, plus a Diploma in Education, which studies teaching and learning techniques. Building confidence is the key to success

Services at Wits End Stables are tailored to meet requirements.

Lessons * Hacks * Courses * Horse Care * Stable Management
